

# **Dr. Georgios Papavasileiou**

## **Personal Information**

DATE - PLACE OF BIRTH: 17 August 1989 in Larissa, Greece  
PROFESSION: Postdoctoral Researcher  
PROFESSIONAL ADDRESS: National Observatory of Athens, Institute of Environmental Research and Sustainable Development  
Lofos Koufou, P. Penteli, 15236, Athens, Greece  
Tel : (+30) 210 3490902, (+30) 6982 351312  
E-mail: papavasileiou@noa.gr

## **Academic Qualifications**

- 2020: Ph.D. in Meteorology and Climate Research, Karlsruhe Institute of Technology, Germany.  
2016: M.Sc. in Applied Meteorology and Climatology, University of Birmingham, United Kingdom.  
2014: B.Sc. in Mathematics, National and Kapodistrian University of Athens, Greece.

## **Professional Experience**

- 2021 – today: Postdoctoral Researcher at the Institute of Environmental Research and Sustainable Development (IERSD) of the National Observatory of Athens (NOA), Greece
- 2020 – 2021: Research Associate at the Institute of Environmental Research and Sustainable Development (IERSD) of the National Observatory of Athens (NOA), Greece
- 2019 – 2019: Visiting PhD student at the Climate and Global Dynamics (CGD) Laboratory of the National Center for Atmospheric Research (NCAR), Boulder, Colorado, United States of America
- 2017 – 2020: Doctoral Researcher at the Institute of Meteorology and Climate Research - Department Troposphere Research of the Karlsruhe Institute of Technology (KIT), Germany
- 2018 – 2019: Teaching Assistant in M.Sc. program in Meteorology at the Institute of Meteorology and Climate Research - Department Troposphere Research of the Karlsruhe Institute of Technology (KIT), Germany
- 2016 – 2016: Trainee Weather Forecaster at The Weather Company, Birmingham, United Kingdom

## **Areas of expertise**

Atmospheric dynamics, synoptic meteorology, climatology, numerical weather prediction, clouds, remote sensing, extratropical cyclones, convection, severe convective storms, extreme weather, fire weather.

## Publications

### **Peer-reviewed journal articles**

1. Papavasileiou, G., Giannaros, T. M., (2024): Synoptic-scale drivers of fire weather in Greece. *Science of The Total Environment*, 925, 171715. <https://doi.org/10.1016/j.scitotenv.2024.171715>

## Skills

### **Code and model development:**

- Cloud-radiative effects based on satellite retrievals from CloudSat/CALIPSO, GERB/SEVIRI and CERES.
- Offline diagnostics (written in python) of atmospheric processes based on the surface pressure tendency equation and potential vorticity tendency equation in ERA5, ERA-Interim, CFSR, ICON, CAM, ECHAM and WRF.
- Numerical experiments in ICON model (version 2.1.00).
- Offline diagnostics (written in python) of hail size and tornado in high resolution numerical weather prediction models (WRF, MOLOCH and BOLAM) of the National Observatory of Athens/meteo.gr.
- Machine learning applications (written in python) in atmospheric fields for characterizing the large-scale atmospheric circulation patterns and their link to fire weather and other extremes.

## Invited talks

Seminar talk in Climate and Atmosphere-Ocean Dynamics Group in the Department of Atmospheric Science at Colorado State University (CSU): “The role of clouds and diabatic processes for the short-term dynamics of the North Atlantic Oscillation”, Papavasileiou G., Voigt A., Knippertz P., Simpson I., Medeiros B.

## Conferences (oral presentations)

1. MedGU2023 (Nov. 2023): “Forecasting Eastern Mediterranean synoptic-scale fire weather conditions in the medium-range” Papavasileiou G., Giannaros T.M.
2. 16th International Conference on Meteorology, Climatology and Atmospheric Physics (Sep. 2023): “The predictability of the synoptic-scale fire weather conditions during the 2018 Mati wildfire” Papavasileiou G., Giannaros T.M.
3. MeteoXchange 2023 (Apr. 2023): “Synoptic-scale fire weather forecasting in Greece”, Papavasileiou G., Giannaros T.M.
4. 9th International Conference on Forest Fire Research (Nov. 2022): “Validation of ERA5 fire weather conditions in Greece between 2007 and 2019: A preliminary analysis”, Papavasileiou G., Giannaros T.M., Lagouvardos K., Koletsis I.
5. 2nd Annual Workshop: Climate and Atmosphere Research & Innovation in the Eastern Mediterranean & Middle East (Nov. 2022): “Critical fire weather patterns of Greece: Forecasting extreme fire weather conditions in the medium-range” Papavasileiou G., Giannaros T.M., [https://emme-care.cyi.ac.cy/wp-content/uploads/2nd-Scientific-Workshop\\_Book-of-Abstract\\_fin.pdf](https://emme-care.cyi.ac.cy/wp-content/uploads/2nd-Scientific-Workshop_Book-of-Abstract_fin.pdf)
6. SafeGreece2022 (Sep. 2022): “Critical Fire Weather Patterns of Greece: Forecasting Fire Weather Conditions in the Medium-Range” Papavasileiou G., Giannaros T.M.

7. Fire and Climate 2022 (May 2022): “An outbreak of pyroconvection during the catastrophic 2021 wildfires in Greece and its predictability” Papavasileiou G., Giannaros T.M., <https://fireandclimateconference.com/pasadena/>
8. EGU22 (May 2022): “Observational and numerical study of a giant hailstorm in Attica, Greece, on October 4, 2019” Papavasileiou, G., Kotroni, V., Lagouvardos, K., and Giannaros, T. M., <https://doi.org/10.5194/egusphere-egu22-10975>
9. 3rd International Conference on Fire Behavior and Risk, Sardinia, Italy (May 2022): “The Catastrophic 2021 Wildfires in Greece: An Outbreak of Pyroconvective Events”, Papavasileiou G., Giannaros T.M.
10. AGU fall meeting (Dec. 2019): “ The role of clouds and diabatic processes for the short-term dynamics of the North Atlantic Oscillation”, Papavasileiou G., Voigt A., Knippertz P., Simpson I., Medeiros B., <https://agu.confex.com/agu/fm19/meetingapp.cgi/Paper/577077>
11. Process Evaluation Study on Upper Tropospheric Clouds and Convection Workshop (Oct. 2018): “Observed cloud anomalies associated with the North Atlantic Oscillation, and their radiative feedback”, Papavasileiou G., Voigt. A., Knippertz P.
12. 7th European Windstorm Workshop (Oct. 2018): “Observed cloud anomalies associated with the North Atlantic Oscillation and their radiative feedback”, Papavasileiou G., Voigt. A., Knippertz P. <https://stormworkshops.unibe.ch/workshop2018.html>
13. Earth-CARE/EECLAT Joint Workshop (Jan. 2018): “Observed cloud anomalies associated with the North Atlantic Oscillation, and their potential radiative feedback on internal circulation variability”, Papavasileiou G., Voigt. A., Knippertz P., <https://eeclat.ipsl.fr/2018/02/02/earth-care-eeclat-2018-joint-workshop/>
